

Adobe Creative Cloud for Enterprise + Gulf Coast State College: User Guide

There has been a change to Adobe creative product installations from license keys to named users via the Adobe Creative Cloud for Enterprise. This will require you to login with your organization credentials, including username and password, (**Example – userID@gulfcoast.edu \ password**) to access, download and install Creative Cloud applications. You are allowed a work and home use installation. Home use is now included for free with our enterprise agreement.

The applications are installed and run on your desktop, just like any other desktop application. [The first time you download any of the individual creative apps](#), you automatically download Creative Cloud for your desktop. You use the Creative Cloud desktop app to access, download, and update any of the individual creative applications.

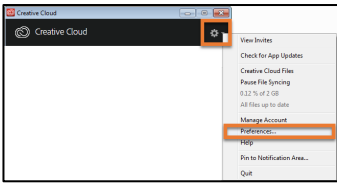

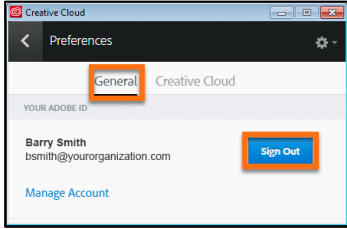

Getting Started

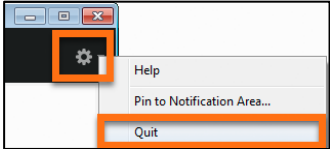

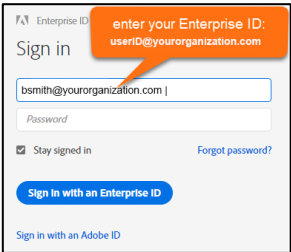

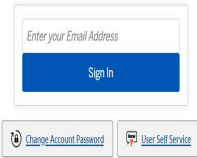

Familiarize yourself with the Adobe Creative Cloud for Enterprise at the links below to get the most use out of your access.

- [User Guide](#)- Get answers and step-by-step instructions for downloading and accessing the Creative Cloud.
- [Beginner's Guide](#)- Learn the basics and start your first project.
- [Tutorials](#)- Find tutorials to help you expand your skills.
- [Migrating Assets](#)- Migrate content from your existing Adobe ID account to your Federated ID (or organization) account with a few easy steps.

Step-by-Step Creative Cloud Desktop Installation Guide for office and home use

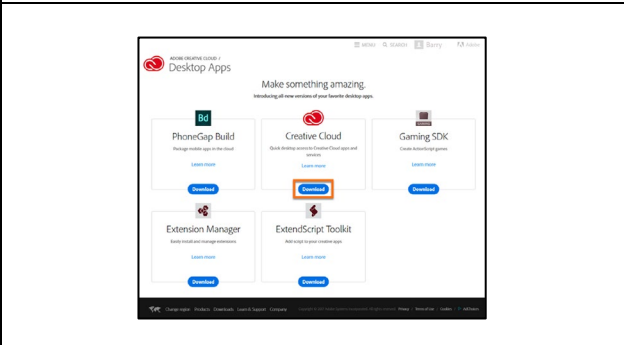

Directions	Screenshot Example
If you have Adobe Creative Cloud desktop app installed on your computer today, open the application. If you do not have installed, skip to Step 2.	
Go to the Settings menu (gear icon) and select Preferences .	
On the General tab, click on Sign Out .	

<p>Click on the Settings menu (gear icon), click on Quit.</p>	
<p>Step 2: Navigate to https://www.adobe.com</p>	
<p>Click on Sign In in the upper right corner.</p>	
<p>On the Adobe ID Sign In window, click Sign In with an Enterprise ID</p>	
<p>Type in your Gulf Coast State College credentials, including email address, and press the tab or enter key.</p>	
<p>At the MyGCSC Portal, type in your GCSC credentials (no .edu) and password, then press LOG IN.</p>	<p style="text-align: center;">MYGCSC</p> <p style="text-align: center;">Login to MyGCSC no longer uses your 'A' number, it now uses your Gulf Coast issued email address. Upon entering your email address you will be prompted for your account password to log in through Microsoft.</p> 

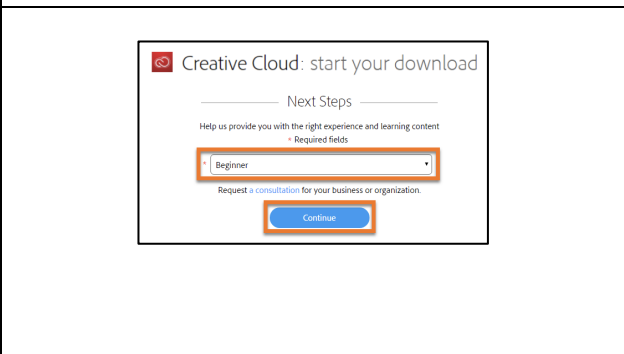

On the Adobe web site, click on **Desktop Downloads**.

Click on the **Download** button for Creative Cloud.

If you are taken to a screen asking for your skill level, choose an option that best describes you and press **Continue**.

If prompted to save the install file, click **Save File** in the pop-up window.

When installation is complete, the Creative Cloud desktop app should open automatically. If it does not, manually open the Creative Cloud desktop app from your desktop.

If prompted to login, enter your userID@gulfcoast.edu address and wait for a redirection to the myGCSC portal. Enter your enterprise email address and password.

Click on the **Apps tab** to preview the list of products available to you. Choose which products you would like to install, and click on **Install** for each. If you choose more than one, the apps will install in the order that you selected them.

Note that you should wait for the apps to install completely. If you are prompted to update your apps, select **Yes** to ensure you have the latest version of the product license.

Once complete, each installed app will provide an Open button; click on the **Open** button to launch the apps from the Creative Cloud desktop app OR from the Start menu on the application folder.
