

Bachelor of Applied Science in Organizational Management (BAS)

2025 - 2026

The Bachelor of Applied Science in Organizational Management at Gulf Coast State College is designed to prepare students to become effective leaders within organizations and society. The program offers two areas of specialization, Entrepreneurship and Health Services Administration. Both of these specializations will prepare graduates for upper managerial positions in business, health care, and other related careers.

The B.A.S. in Organizational Management is specifically designed for people who want to advance to higher level supervisory/leadership positions. The program is intended to serve those currently in the workforce who need a baccalaureate degree to advance their career opportunities. Upper-level coursework will include study of applied management practices with a concentration in the student's technical field, and will contain hands-on application of management principles and practices through internships and capstone experiences.
